

PILLAR 3 (BASEL III) DISCLOSURES AS ON 30.06.2015

CENTRAL BANK OF INDIA

Table DF-2: Capital Adequacy

Qualitative disclosures (a) A summary discussion of the bank's approach to assess the adequacy of its capital to support current and future activities The bank carries out regular assessment of its capital requirement from time to time to maintain the capital to Risk Weight Assets Ratio (CRAR) at desired level. The capital plan is reviewed on annual basis to take care of business growth and CRAR. The bank has adopted standardized approach for credit risk, basic indicator approach for operational risk and standardized duration approach for market risk. The bank has put in place a well laid down Internal Capital Adequacy Assessment Process to enable the bank to plan its capital requirements in relation to its business projections and to meet the risks inherent in the business. The main objective of ICAAP exercise is to identify and measure the risks that are not fully captured by the minimum capital ratio prescribed under Pillar1; the risks that are not at all taken into account by the pillar 1; and the factors external to the bank and to provide capital for such additional risks and to measure an appropriate level of internal capital as per the risk appetite. The bank has also put in place the stress testing policy to measure impact of adverse stress scenario on its CRAR. The bank is reviewing the ICAAP on quarterly basis. Bank has taken initiatives to migrate to advanced approaches for Risk Weighted Assets Computation, Bank is in the process of acquiring software capabilities for the same.

General qualitative disclosure requirement

A committee of board of Directors regularly oversees the Bank’s Risk Management policies/practices under various risks viz. credit, operational, market etc. The bank also has separate committees for each risk comprising of top executives of bank headed by Chairman and Managing Director/ Executive directors such as Asset liability Management committee, Credit policy Committee, Operational Risk committee. These committees meet at regular intervals throughout the year to assess and monitor the level of risk under various bank operations and initiate appropriate mitigation measures wherever necessary.

The Risk Management Department at central office level which is headed by General Manager; measures, control and manages risk within the limits set by the Board and enforces compliance with risk parameters set by various committees. The General Manager is assisted by Deputy General Manager and a team of Assistant General Managers, Chief Managers, Senior Managers and Managers.

At zonal offices, Risk Managers are posted who act as an extended arm of the Risk Management Department of Central Office. Officers are also identified at some regional offices to work as risk managers.

The bank has in place various policies such as Credit Risk Management Policy, Credit Risk Mitigation and Collateral Management Policy, Stress testing policy, Market Discipline & Disclosure policy, Intra group transaction and exposure policy, Operational risk policy, ALM policy and Investment and Market risk management Policy.

Besides these, the Loan Policy prescribing broad parameters governing loan functions, guidelines on appraisal and evaluation of credit proposals, lending powers of delegated authorities exposure norms, prudential limits and measures , monitoring and controlling the credit portfolio is also in place.

The Credit Monitoring Department headed by General Manager monitors the quality of loan proposals, identify special mention accounts and take corrective measures. Loan review

mechanism is also carried out by the department apart from processing of proposals under CDR mechanism.

The bank has introduced rating models for various segments of borrowers including retail lending schemes which measures the risk associated with counterparties and helps in credit and pricing decisions. In case of large borrowers, credit risk assessment models evaluate financial risk, Industry risk, Management risk and business risk of the counter party and each of these risks are scored separately then overall rating is accorded to the counter party. Facility rating module is also available in the rating tool.
